182373

Web Page *KxB&B > ... search for adverts*

Issue When searching for adverts, the system is not calculating rooms correctly if rooms are reserved to an event and restricted on the same date.

Resolution Issue has been resolved.

187629

Web Page *KxB&B > ... Search Results*

Issue Adverts are failing to return if the related bedroom stock has been wholly assigned to a student bedroom restriction.

Resolution Issue has been resolved.

187630

Web Page *KxB&B > ... Search Results*

Issue Adverts are failing to return if the related bedroom stock has been partially assigned to a commercial bedroom restriction.

Resolution Issue has been resolved.

187670

Web Page *KxB&B > ... Payment Page*

Issue For some payment providers where a name or address includes the '&' character, the payment process would fail.

Resolution Issue has been resolved.

187725

Web Page *KxB&B > ...*

Issue When resizing a Safari browser window, it becomes unresponsive.

Resolution Issue has been resolved.

187726

Web Page *KxB&B > ... any page in Edit mode*

Issue When adding URL links, the 'OK' button does not respond so it is not possible to save the change.

Resolution Issue has been resolved.

187795

Web Page *KxBnB > ... Search criteria*

Issue When a user's machine is set to a different time zone, the 'From' date of the search input is being set back a day when passing through to the search results.

Resolution Issue has been resolved.

187824

Web Page *KxB&B > ... Search Results*

Issue A Critical Error Notification is generated when a selection that was already added to the basket is edited and a date within the stay is unavailable.

Resolution Issue has been resolved.

187871

Web Page *KxB&B > Complete Booking*

Issue For customers using RealEx as a payment provider, an 'Unexpected Error' is thrown when completing the booking.

Resolution Issue has been resolved.

189713

Web Page *KxB&B > ... Complete Booking*

Issue Duplicate payments are being received for some bookings.

Resolution Issue was due to multiple post backs from the payment provider, now if the booking is status is either 'Confirmed' or 'Cancelled' the payment will not be processed again.

190167

Web Page *KxB&B > ...*

Issue Incorrect availability being return if allocation blocks exist for the period in question.

Resolution Issue has been resolved.

190193

Web Page *KxB&B > ... Complete Booking*

Issue A Critical Error Notification is generated when there is insufficient availability for a booking to be completed.

Resolution Creation of an email which will be sent to the 'Booking Notification Email Address' as configured in the Admin section.

190199

Web Page *KxB&B > ...*

Issue Users that had pages cached were presented with a Critical Error Notification when they attempted to proceed with a booking.

Resolution Fix implemented to redirect the user back to the search page with any selected rooms removed from the shopping cart.
